

ACCOUNTANT / CONTROLLER

The Company:

XSENSOR Technology Corporation is the technology leader in pressure imaging systems for use in medical, industrial and point-of-sale markets. Joining XSENSOR, you will be part of an energetic team responsible for developing and supplying pressure imaging systems to customers around the world.

XSENSOR is recruiting an Accountant/Controller, for our Calgary office. Reporting to the Chief Operating Officer, you will be responsible for full cycle accounting. We are looking for a motivated, responsible and organized accounting professional with a strong desire to work in a global, hi-tech business. The successful candidate will be a key member of our management team ensuring quality in all accounting, financial reporting and forecasting.

The Role:

The Accountant/Controller is responsible for the day to day accounting operations which include; accounts payable and receivable, financial systems, and other general accounting functions including but not limited to:

- Daily accounting responsibilities, including AR & AP Journal Entries, Inventory Management and reconciliations.
- Management of monthly and yearly account reconciliation and financial reporting, coordination of audits, and implementation of on-going accounting services.
- Management of payroll and benefits for local and remote employees.
- Development and implementation of accounting procedures and policies.
- Assisting in the preparation of the annual corporate budget and adjustments.
- Providing advice, guidance, and required information to other departments regarding accounting.
- Financial reporting of information and results based on needs and accepted accounting principles.
- Working with the executive/management team to analyze financial reports and reporting of accounting information to executive/management team.
- Responsible for government filings such as SR&ED and GST remittances.
- Liaising with outside organizations and officials – banks, government, auditors, lawyers to prepare required working paper files (e.g. audits) and financial affairs of the company.

The Candidate:

Education:

- Degree in business or an accounting designation (CA, CMA, CGA) preferred.

Experience:

- A minimum of 5 years of experience in a technology or manufacturing environment preferred.
- Simply Accounting software experience and Excel expertise

Personal Skills & Attributes:

- Excellent time management and organization skills
- Positive attitude and self motivated
- Desire for learning
- Independent work ethic
